King Saud University

College of Computer and Information Sciences

Department of Information Systems

IS201: Fundamentals and Ethics of Information Systems

Deadline: Before Sunday 28 March 2021

Webpage Assignment (10%)

Create **a web page** for **any topic** of your own interest. The **web page** should have **ALL** the following elements:

1. A title: a title should show up on the title bar of the web browser. A simple title might be "IS club web page".
2. A heading and sub-heading.
3. Page footer.
4. Two text fonts.
5. Text with two different colors.
6. Use bold text and alignments (left / right / center).
7. At least 1 picture.
8. A page color or background.
9. An ordered list of items.
10. One or more tables (e.g. your own Business Schedule (closing and opening times, lunch breaks, vacations you will observe, etc).
11. Two links to other web pages (e.g. list of your favorite sites)
12. A link to your e-mail address (Outlook should be opened).
13. At least 2 paragraphs of text.
14. A frame with at least two input fields, each field has a default value.
15. A java script that make your page interactive.
16. Audio or Video (video can be Youtube or any other format).
17. An element that you can drag and drop

Use HTML to code the page content and structure. Use CSS to design the page layout and to change the appearance of the website (backgrounds, color… etc.)

You may choose the language for your web page (Arabic or English).

You may save your web page with the name *index.html* or *default.html*. You should test your page by attempting to view it via a browser.

<u>Submission Guidelines:</u>

- You must test your webpage with the latest edition of Google Chrome browser.
- This is a group assignment. Each group leader must submit a zip folder containing all website files (HTML, CSS…etc.) **and one pdf** file to LMS, containing the following:
  - Student names and IDs.
  - Screenshots of the HTML page.
  - The code of the webpage must be included in the pdf file.
- Late submissions will not be graded and will receive ZERO.
- Plagiarism and copying codes are not tolerated and will be severely penalized.
